ABOUT MY
ESTIMATE

Difficult to see. Always in motion is the future.

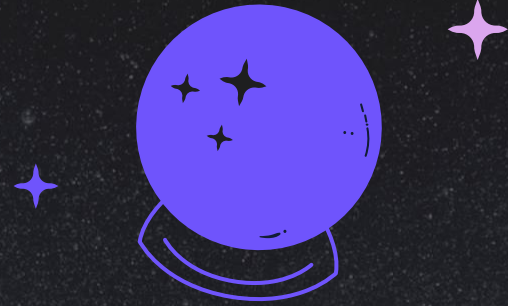

—MASTER YODA

- GUESSING
- MORE THAN GUESSING

ESTIMATION

WHY IT IS WORTH
A WHILE TO
ESTIMATE
TESTING EFFORT?

WHY ESTIMATE YOUR TESTING?

I

RESOURCE MANAGEMENT

Effective usage of what we
have

3

PROFESSIONALISM

Only the best can do a proper
test estimation

2

SAFETY

“A good business is a happy
business”

4

GAINING KNOWLEDGE

Better understanding of what
we do

WHAT?
WHEN?
WHO?

WHAT?

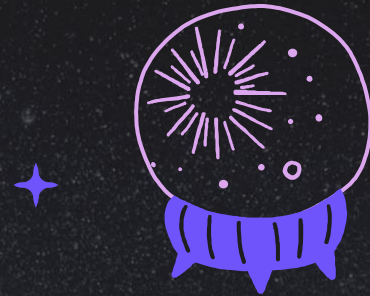

THE HORSE AS IT IS, EVERYONE CAN SEE

WHAT TO ESTIMATE?

- Sum of estimation of single testing tasks IS NOT a total estimation
- Include supporting activities
- It has to contain a buffer

WHAT?

WHEN?

There's never enough time to do all the nothing you want.

WHEN WE'RE ESTIMATING TESTING?

- What is happening around
- Stability of environments and/or app
- Other circumstances a.k.a. C-19

WHEN?

WHO?

Good, The Bad and The Ugly

WHO IS DOING THE TEST ESTIMATION?

- Experienced
- Engaged
- Company (after considering organisational structure/culture)

WHO?

SO....

WHAT'S
NEXT?

WHAT TO DO WITH YOUR ESTIMATION?

COMMUNICATE

Estimation has to be communicated

MONITOR IT

Are we doing everything according to the plan?

UPDATE IT

Are there any changes in test estimation?

“Can you do it
faster?”

– TYPICAL PM/PO/TM/SM

HOW TO PROTECT YOUR ESTIMATE FROM BEING REDUCED?

- Tell them something that they already know
- Add additional buffer
- Ask for priorities
- Use your own authority

ESTIMATE

How much time do I
need for testing?

COMMUNICATE

Who should know about
it?

THANKS!
