Senior Software Engineer,
Scrum Master

New Security Product

How can we help him?

The Solution: A Platform!

Why???

Victoria

VP Product

Regulations + Complex Setup

Frustrated developers, code duplications

Platform!!!!

Victoria

VP Product

Platform Vision

1. Single login with one password
 2. Centralized account and user management
 3. Unified UI and UX
- Obviously, secured!

Authentication

Authorization

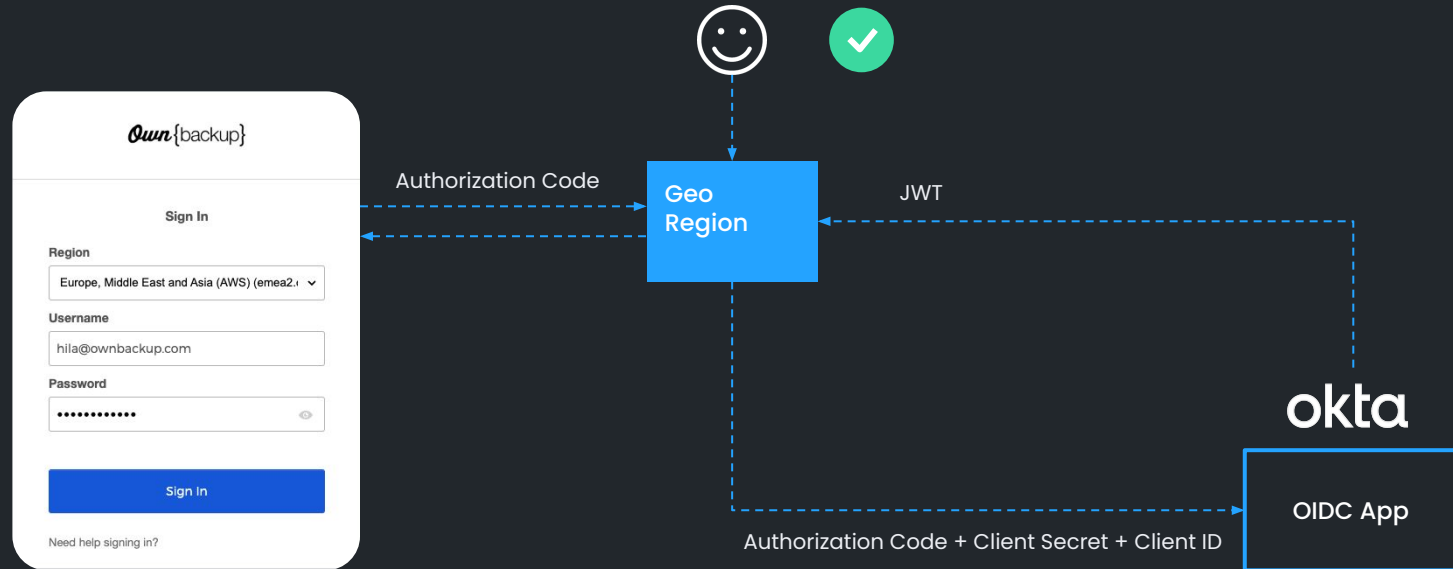

Enforce Central Account Configurations

Manage Passwords

Support Security Settings: Multi-Factor
Authentication, Single Sign-On

Identity Provider (IDP)!!!

User Authentication

Emea

App

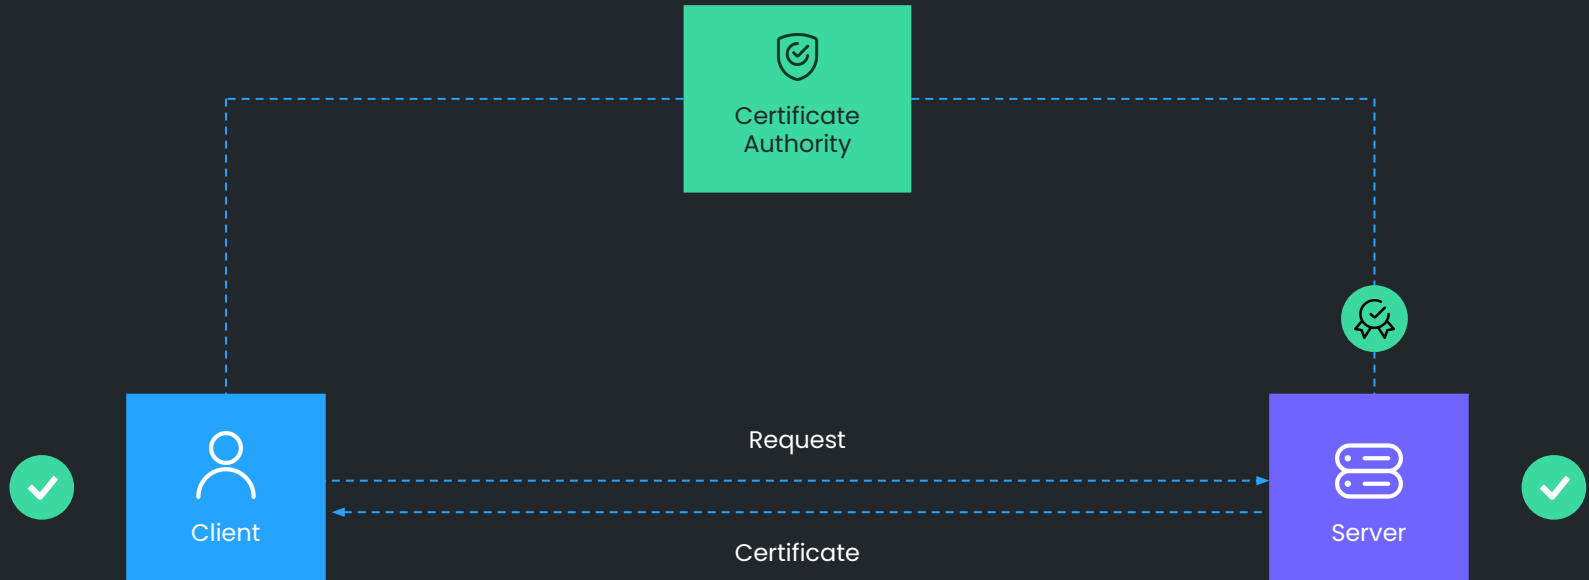

Hipaa

AU

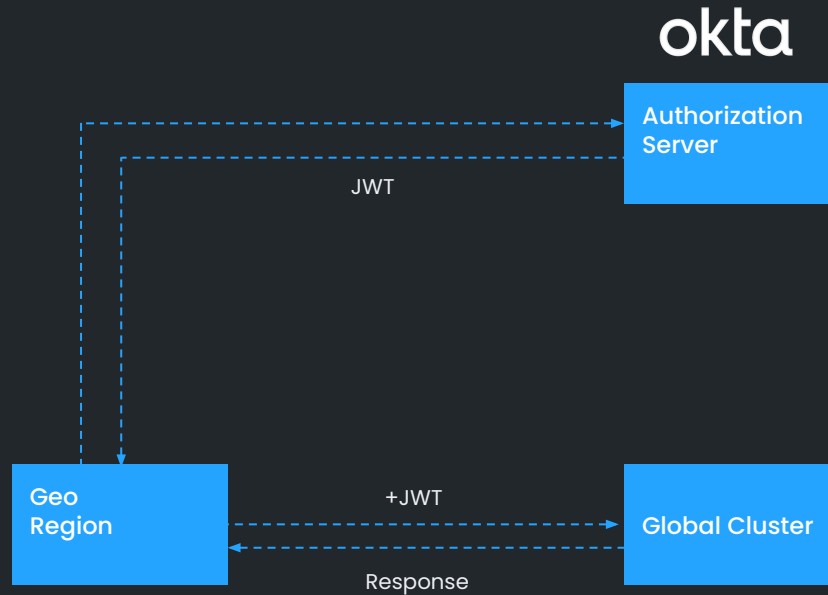

MTLS: Mutual TLS

TLS: Transport Layer Security

Authorized to Perform the Action

M2M Tokens

Global and Secure

Scalable, support high performance
and availability

Resilient
