

BUILDING MORE RELIABLE PRODUCTS THROUGH SRE COMMUNITY OF PRACTICES

Connecting people makes better continuous delivery

Jorge Luis Castro Toribio, Transformation Lead

Sharing is caring

In this talk we are going to share our experiences facing the business challenges to build more reliable product to meet customer needs at enterprise level dealing with team collaboration, sharing knowledge, skills gaps, “hands on”, Walk the talk situations and more bottle necks in our great software development paths

LETS TAKE CARE OF THE BASIC

WHAT IS SITE RELIABILITY ENGINEERING?

SRE is what happens when you ask a software engineer to design and operations functions

Service Level Objectives (SLOs)

Incident Response Processes

Focuses on running systems in production

SITE RELIABILITY ENGINEERING PRINCIPLES

1 SRE needs SLOs with consequences

2 SRE must have time to make tomorrow better

3 SRE teams have the ability to regulate their workload

4 Failure is an opportunity to improve

New Product Launched

**#REAL_LIFE:
ONCE UPON A
TIME...**

GLOBAL AND DIVERSE TEAMS INVOLVED IN CONTINUOUS DELIVERY

Ken (agilist)

Reem (architect)

Aanu (Security)

Gene (DevOpser)

Evan (tester)

Julio (Operations)

and more...

SOME OF OUR PROBLEMS

Not reliable services

low product availability

Lack of enterprise capabilities

Low Organizational Resilience

Lack of collaboration and sharing

After go production

**“CHANGE IS HARD.
NOT CHANGING IS
WORSE.”**

Nancy A. Hart

COMMUNITY OF PRACTICES (COP)

**“ GROUPS OF PEOPLE WHO
SHARE A CONCERN OR A
PASSION FOR
SOMETHING THEY DO
AND LEARN HOW TO DO
IT BETTER AS THEY
INTERACT REGULARLY ”**

Etienne Wenger-Trayner and Beverly Wenger-
Trayner

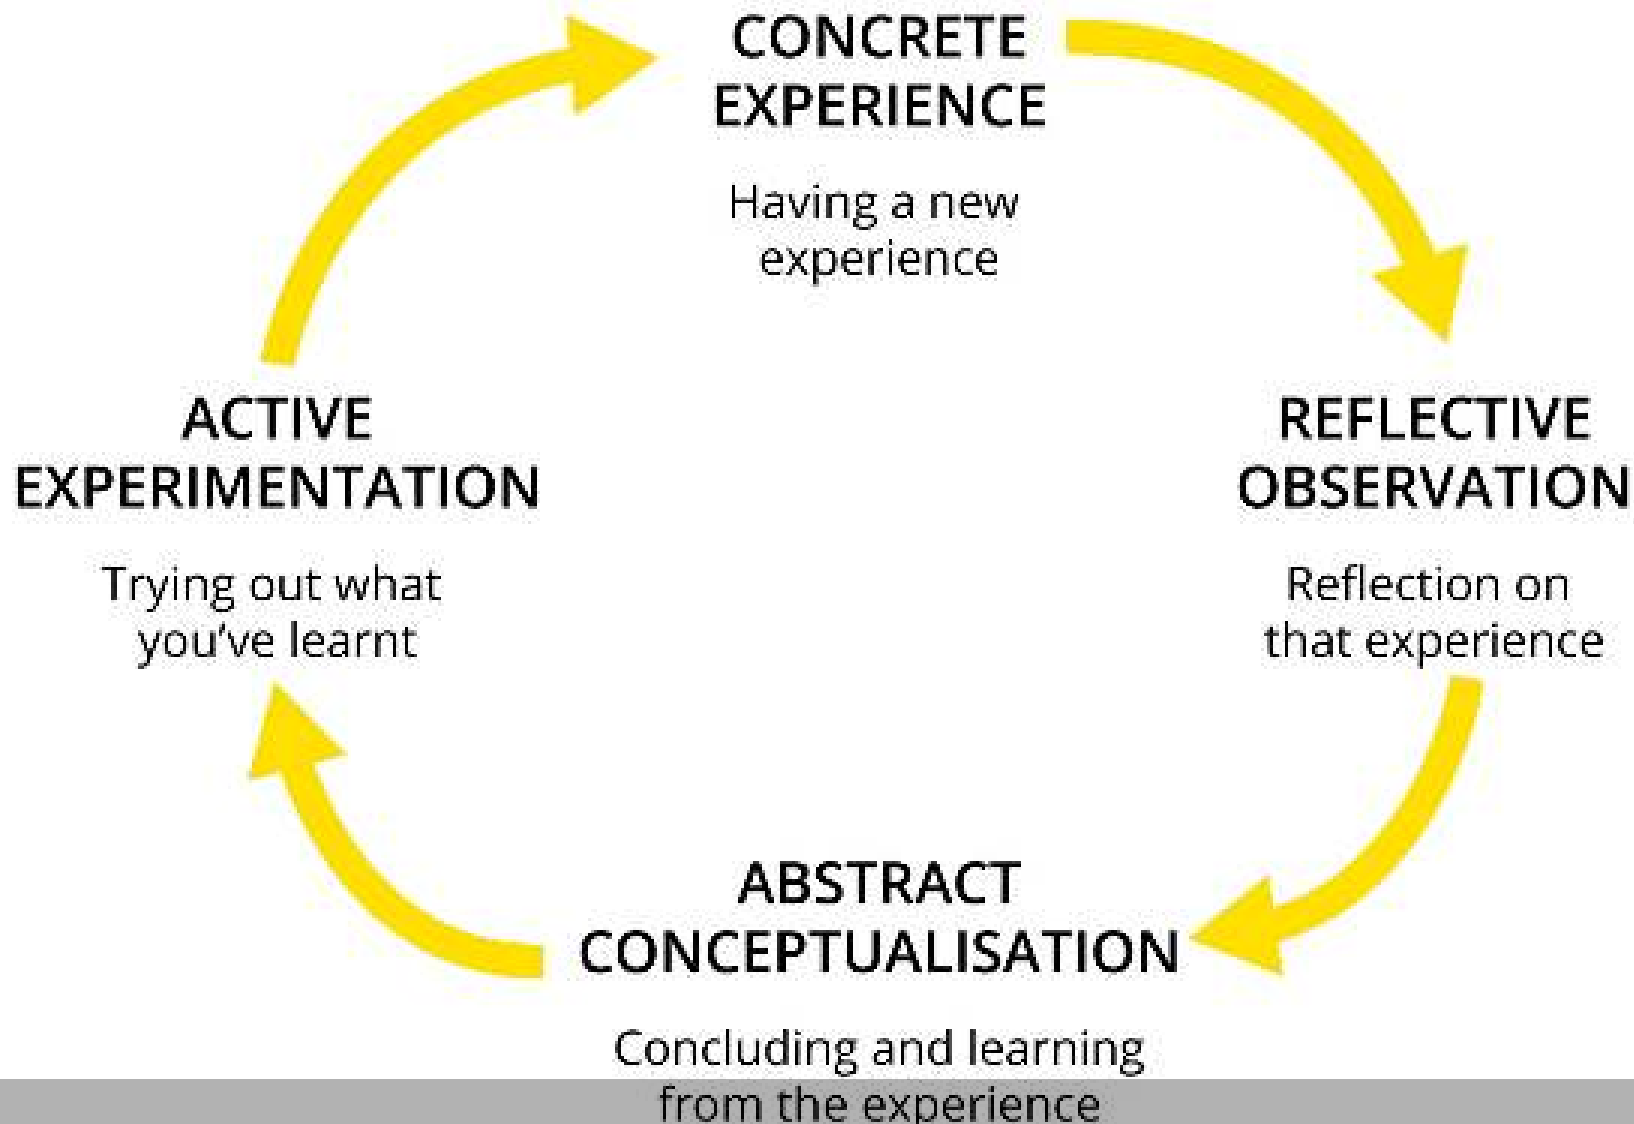

OUR FIRST THOUGHTS..

Building WoWs (practices and behaviours)

Make collaboration part of our DNA

Build outcome-centered planning

SRE COMMUNITY OF PRACTICES (SRE COP)

EXPERIENTIAL LEARNING, LEARNING BY DOING

SRE COP TEAM

Community of Practices

Core or organizing team

CoP Instanced Backlog (Gap analysys Business needs vs Enterprise capabilities)

Shared Objectives

CoP Lead

LEARN FROM THE PAST, ESPECIALLY FROM THE FAILURES

COP IS AN INVESTMENT

SRE COP ALIGNED TO BUSINESS STRATEGY

SOME EXAMPLES OF OKRS (BE SURE TO DELIMITATE YOUR CONTEXT)

1

O: Improving Reliability and Availability

KR: Achieve a X% reduction in the number of incidents impacting production services)

2

O: Improve team collaboration

KR: Launch X cross-functional workshops or hackathons with global groups from different teams

3

O: Increase SRE enterprise capabilities

KR: Increase participation in SRE-related training courses or certifications by X% within the community

DRAFT

Minimal Viable Community

Check out the full Community Canvas [here](#)

1. Purpose Why does the community exist?

Why do we exist? (community purpose statement) - why do we exist? (community purpose statement) - why do we exist? (community purpose statement)

2. Audience Who is this for and what is our selection process?

Who is this for? (audience)

3. Values Which 3 principles are important to us?

Transparency (5 stars), Community (3 stars), Inclusivity (3 stars)

4. Goals In the next 12 months, what are 3 metrics that will define success for us?

Number of members (5 stars), #Shares (5 stars)

5. Experience What happens in our community on a recurring basis that helps us achieve our goals and expresses our values in action? Also consider **onboarding**: how does the experience in the community start?

6. Roles What different roles can members play in our community? What's the give/get relationship?

Facilitator, Moderator, Member

7. Rules What guidelines and boundaries help us achieve our purpose and represent our values?

Be respectful, No spamming, No self-promotion, Be on time, No hate speech, No discrimination

8. Governance How do we make decisions? Who gets to decide what?

Facilitator, Moderator, Member

9. Communication What are the simplest channels for us to communicate with each other? What is a healthy rhythm?

Slack, Email, Facebook, Twitter

MVC: MINIMUM VIABLE COMMUNITY CANVAS

#1: PURPOSE

BRINGING TOGETHER EXPERTS AND ENTHUSIASTS TO
SHARE KNOWLEDGE, SKILLS, AND EXPERIENCES RELATED
TO IMPROVING THE RELIABILITY AND PERFORMANCE OF
DIGITAL SERVICES AND BUILD DOERS CULTURE

About #2 Audience : SRE engineers, developers, DevOpsers, operation engineers

About #3 Values : #SharingKnowledge #Experimentation
#Collaboration #outcome-based

About #4 Goal : Aligned to transformation and business goals

***Expectation**

***Reality**

**ABOUT #5...
COMMUNITY MEMBER
EXPERIENCE=
F(REALITY,
EXPECTATION)**

SOME FEEDBACK THAT WE GOT ABOUT PREVIOUS COPS INITIATIVES

:"Please less ppts and more coding (ppt-less)"

:"Mob programming session would be nicer than only one coding"

:"More time doing hands-on, I like theory but coding work is better"

:"Share wins and failures about our SRE projects"

About #6 Roles : CoP Lead, Core Team (rotary)

About #7 Rules : Schedule, participation, core team agreements, etc.

About #8 Goal : How to to prioritize backlog, OKRs updates, Learning innitiatives decision making, etc

About #9 Communication : Slack, teams, internal social networking, etc

SOME METRICS RECOMMENDATION

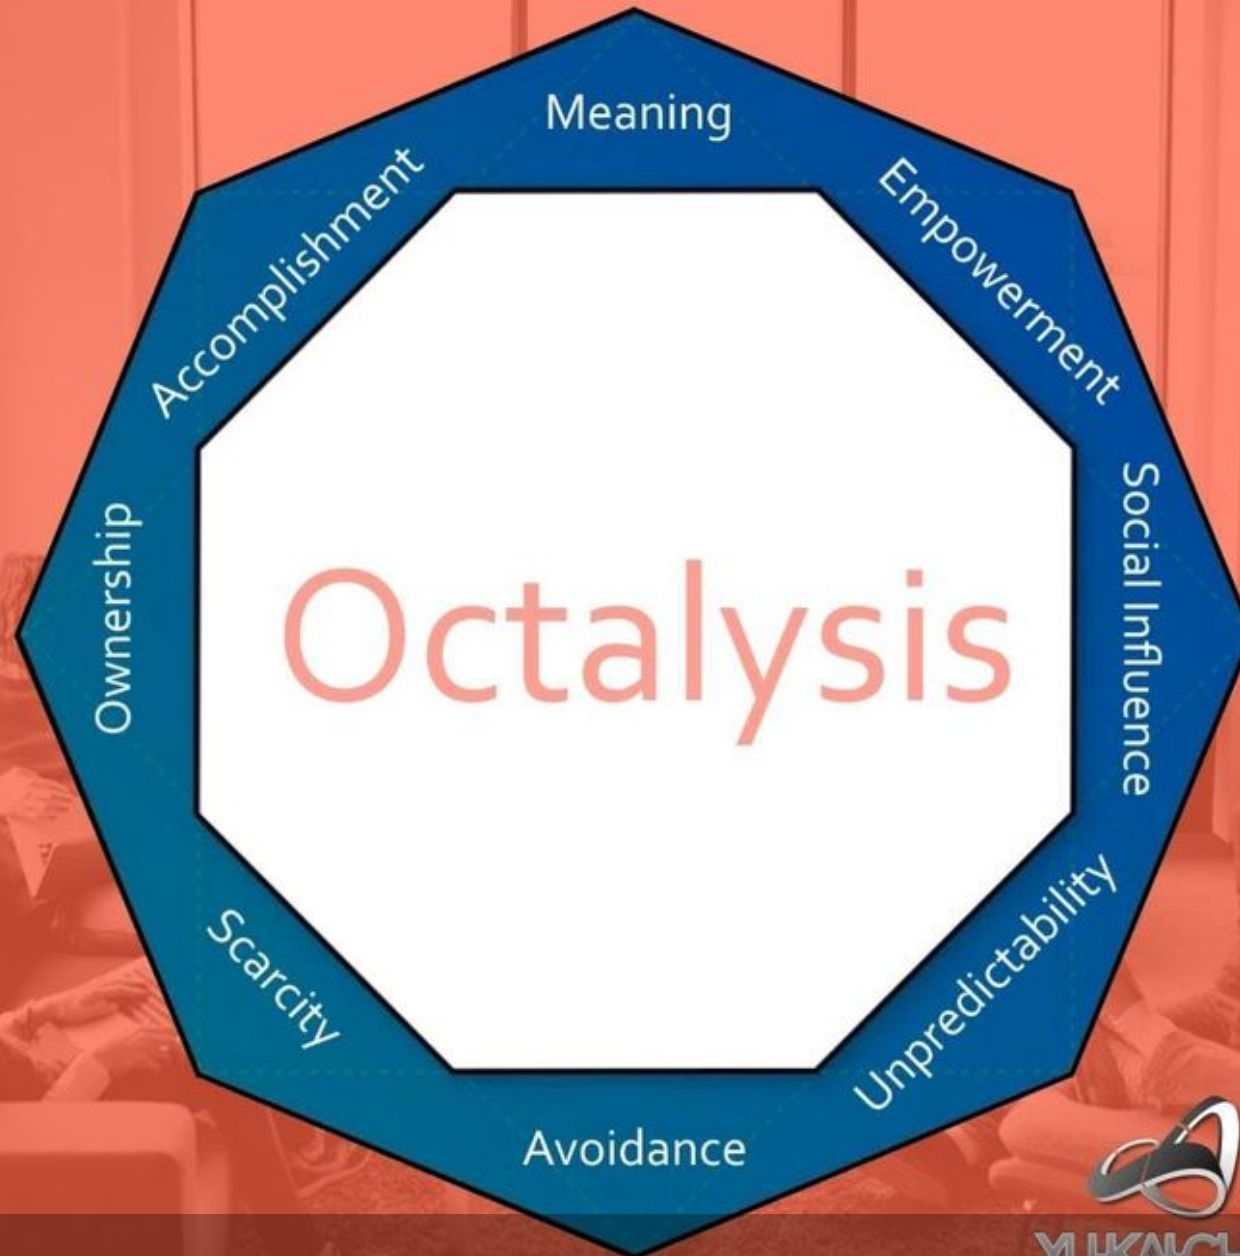

- 1 # Shares/Collaboration
- 2 # Experiments (Kaizen)
- 3 Outcomes (quality, speed, savings, etc.)

**HOW DO WE MAKE COP LAST
LONGER AND MORE ENGAGER?**

MEG: MINIMUM ENJOYABLE GAME

GAME DESIGN + HUMAN DESIGN

RELIABILITY LEAGUE GAME (GAME DESIGN + HUMAN DESIGN)

SRE BATMAN?!

SRE SIDEKICK

WHAT WE ACHIEVED?

- Increase number of experiments that improve the quality of our delivery and products
- Improve services availability through sharing experiences and Mob programming over real code
- Improve turnover rate
- Improve Developer experience and client confidence over our products

LEARNED LESSONS

- Rotate the CoP core team
- You are What your Community is
- Your business grows as your communities and people grow
- CoPs improve developer experience

TO SUM UP

SRE COP CAN HELP YOU TO BUILD, ENABLE AND DEVELOP SRE ENTERPRISE CAPABILITIES AS PART OF YOUR BUSINESS GOALS WHILE BUILDING SOCIAL AND TECHNICAL LEARNING SPACES WHERE PEOPLE IS BENEFITED AND HAVE FUN ALSO (POEPLA AND BIZ ORIENTED)

COLLABORATION INSPIRE PEOPLE TO BECOME DOERS AND THEY MAKE POSSIBLE TO BUILD REALIABLE PRODUCTS

BOOKS

DON'T FORGET

WE ALL HAVE DREAMS

so help and share more

#SharingIsCaring

#ContinuousFun

Thank you! = ¡Muchas gracias!
